

ARGENTARIO GOLF CLUB & SPA

An exclusive location to understand luxury and design in an original and unique way in the fascinating Tuscan Maremma.

- The Argentario Golf Club hosts several of the most important golf among the most important golf tournaments in Tuscany and in Italy and boasts 18 panoramic holes for a total of total of 6,218 metres and 71 pars. The course is Agri Cert" certified organic and eco-compatible and all and all the products used for its maintenance are totally natural.
- The golf course is located in a protected natural area 5 minutes from the Duna Feniglia Nature Reserve and 25 km from the Uccellina Park. The Orbetello Lagoon, the sea and the slopes of Monte Argentario offer a panorama of extraordinary beauty and create a microclimate that allows golf to be played at any time of year.
- The 18 holes, some of which are really suggestive and with breathtaking views of the sea and the lagoon of Orbetello and Talamone, are immersed in olive groves and cork trees and are surrounded by small lakes and ponds. The mild climate and pleasant breeze make this course unique and playable every day of the year.

- The 18-hole course and the driving range, which were inaugurated in 2006, were designed by architect David Mezzacane and professional golfer Baldovino Dassù, the flag bearer of Italian golf in the world. The holes were then modelled by specialist Brian Jorgensen: the result is a varied, spectacular and technically very good course.
- Argentario Golf Resort & Spa has long been committed to implementing eco-sustainability practices: protecting nature and the environment and operating in a sustainable manner are core values for their resort.
- In 2019, The PGA (association of golf professionals) has chosen Argentario Golf Club as the national venue for Italy: their course is the only Italian course with the "PGA National Golf Course Italy" licence.
